— STRATEGY NOTES —								
			Built FROM actual PYQ weightage data — not generic advice					
			UK topics = 16 days (27%) → delivers 33%+ marks — highest ROI					
			Polity gets more time → highest question volume nationally					
			Current Affairs window: last 12-18 months from paper date					
			CSAT qualifying (33%) — cover basics / don't over-invest					
			Mock target: 85+ out of 150 = safe zone most years					
			Negative marking: -1/3 — only attempt if you eliminate 2+ options					
			Attempt order on exam day: UK GK first (fastest marks) → Polity → History → Economy → Science
